ANTS

ANTS FRENCH SECURE DOCUMENTS AGENCY

Director Raphäel BARTOLT

- The French Secure Documents Agency (Agence nationale des titres sécurisés – ANTS) was created at the beginning of 2007. Its missions are:
 - To help define technical standards, to perform controls of conformity and interoperability,
 - To design managing systems and networks,
 - To buy the documents for the State,
 - To design and buy the control devices for the control services,
 - Information and communication,
 - To promote the know-how in secure documents.

ANTS FRENCH SECURE DOCUMENTS AGENCY

- The secure documents in the scope of the Agency are :
 - Current electronic passport
 - Biometric passport with the holder's fingerprints (roll-out end June 2009)
 - New model of vehicle licence (planned for January 2009)
 - eID card project (expected in 2010)
- Other documents are expected to be transferred to the Agency:
 - Resident permit
 - Visa
 - Driving licence
 - Etc.
