

PESO Status Update

Bud P. Bruegger

Consultant, Ancitel

What is PESO?

Permanent eID Status Observatory

www.eID-status.info

- **Web Application in support of Porvoo Group country updates**
 - Equivalent to summary table in MS Word
 - More countries
 - More topics in questionnaire

History / Roadmap

- **Porvoo 12: Proposal**
- **Porvoo 13: Demo of Prototype**
- **Porvoo 14: domain, collab. w/ NIST**
change of affiliation
- **Porvoo 15:**
 - **Approval of transfer to ANCITEL**
 - **Input in Requirements**
- **Porvoo 16: first operational version**

Transfer to Ancitel ?

- PESO was started by the *Comune di Grosseto*
- I changed position to Ancitel
- Ancitel is willing to sponsor development and operations
- Management would like formal decision (resolution)
- **ANCI = National Association of Italian Municipalities**
 - Institutional Stakeholder in Italy (eID, ...)
 - Majority owner of Ancitel
 - Ancitel is the technical branch of ANCI

Group Decision?

Responsibilities in PESO ?

- **Ancitel**
 - **Development and operations of site** (empty container)
 - **Access control for input** (data is public—P13 decision)
 - **Sponsors** (more services, sustainability)
- **Porvoo Group Members**
 - **Input/update data on their eIDs** (twice a year)
 - **Optional: input to questionnaire design**
- **Porvoo Group Secretariat**
 - **Oversight**

Group Decision?

Assignment of Access Rights

- **Who Decides?** (Ancitel, PG Secretariat)
- **Single/Multiple Pers. per eID?**
- **Who configures access rights?**
(centrally or delegated to country representative)?

Group Decision?

Types of Data Providers

- **Official / government**
- **Inofficial / industry**
- **Other? (NIST)**

Group Decision?

What meta data on data provider is needed ?

- **Type of Data Provider** (official, inofficial)
- **Affiliation**
- **Name**
- **Date of modification**
- **Different internally and externally?**

Group Decision?

Audit History / Versions needed

?

- **Only Access control**

or

- **Full Audit Trail**

who input/modified what when

Group Decision?

Authentication Method ?

- **How critical?**
 - Just keep spamming out?
 - Higher level of security
- **What credential**
 - username/pwd
 - eID?

Group Decision?
